

# Faculty IA

The Faculty of Computer Science and Automation is divided into five institutes:

- [Automation and Systems Engineering](#)
- [Biomedical Engineering and Informatics](#)
- [Applied Computer Science](#)
- [Technical Informatics and Engineering Informatics](#)
- [Theoretical Computer Science](#)

The institutes themselves are further subdivided into a total of 22 subject areas, each headed by a professor. Research focuses on modelling, simulation and optimisation of dynamic systems, biomedical diagnosis and therapy methods or assistance and service robots, among others. The faculty, founded in 1990, has about 1200 students, about 130 staff members and 20 professors. The following Bachelor's and Master's degree programmes are offered:

- [Biomedical Engineering \(BMT or BT\)](#)
- [Computer Science \(IN\)](#)
- [Computer Engineering \(II\)](#)
- [Technical Cybernetics and Systems Theory \(TKS\)](#)
- [Research in Computer and System Engineering \(RCSE or RCS\)](#)

## Examinations Office

The [Examination Office](#) of the faculty is responsible for all matters concerning the administration of examinations, internships and the issuing of certificates. The staff will be happy to advise you on organisational matters or questions regarding examination law.

## Dean's Office

The [Dean's Office](#) consists of the Dean, the Vice-Dean and the Dean of Studies. The Dean heads the Faculty and decides on all matters of the Faculty that are not expressly assigned to the Faculty Council. The Associate Dean supports the Dean in his duties and tasks and represents him in his absence. The Dean of Studies performs the tasks related to teaching and studies within the framework of the Dean's overall responsibility.

|                        |  |

| <b>Dean</b>            | <a href="#">Prof. Dr.-Ing. habil. Armin Zimmermann</a> |
| <b>Associate Dean</b>  | <a href="#">Prof. Dr.-Ing. Johann Reger</a>            |
| <b>Dean of Studies</b> | <a href="#">Prof. Dr. Dietrich Kuske</a>               |

## Student Advisory Service

You can contact the Student Advisory Service if you have any questions about the content of your degree programme, whether it's information about the specialisations or topics in internships or theses.

|             |   |

| <b>BMT</b>  | <a href="#">Dr.-Ing. Marko Helbig</a>               |
| <b>IN</b>   | <a href="#">Prof. Dr. Martin Dietzfelbinger</a>     |
| <b>II</b>   | <a href="#">Prof. Dr.-Ing. habil. Daniel Ziener</a> |
| <b>RCSE</b> | <a href="#">Prof. Dr.-Ing. Patrick Mäder</a>        |
| <b>TKS</b>  | <a href="#">Prof. Dr.-Ing. Johann Reger</a>         |

## E-mail distribution list

For students of the Faculty of Computer Science and Automation, e-mail distribution lists have been set up, through which you will receive short-term notifications, such as information on examination matters and the organisation of studies or notifications about room and time changes. Since the e-mails are sent according to the degree programme, you may also receive information that is intended for other semesters.

Students can also use these addresses to distribute information relevant to their studies or to make enquiries to fellow students. For example, if you want to form a study group or are looking for fellow students for group work.
