Accessibility

The Student Council of the Ilmenau University of Technology endeavours to make its website accessible. The legal basis for this is the Thuringian law on barrier-free access to the websites and mobile applications of public bodies (ThürBarrWebG), the Thuringian ordinance on the creation of barrier-free information technology (ThürBITVO), the Barrier-free Information Technology Ordinance (BITV 2.0) and the harmonised European standard EN 301 549 in its current version.

DokuWiki is not fully accessible. You can find a list of the problems at https://www.dokuwiki.org/wcag-audit. In the GitHub issues linked there, you can also track the progress of the fixes.

Give hints

Have you noticed a defect or do you have a suggestion for improvement? Then you can contact our Referat IT. We are always happy to receive suggestions and endeavour to implement them promptly. Please also note that we at StuRa all work on a voluntary basis.
