Software

Licences for a range of applications (e.g. Citavi, Visual Paradigm, ...) are made available via the computer centre.

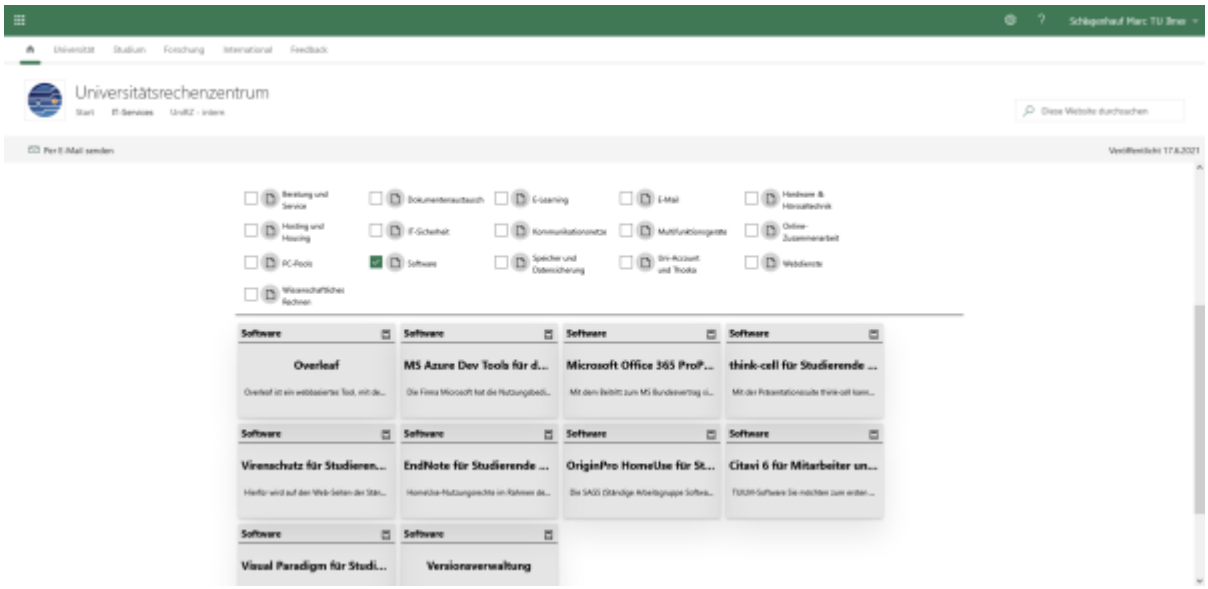

Figure 1: Call up the page IT-Services on the intranet and tick the “Software” box there

MATLAB

A campus licence for the MATLAB software is available at TU Ilmenau. The programme itself and a licence key for academic use can be obtained from the manufacturer's website at Website from the manufacturer.

Was What can I do with it?

Calculation cabinets (RTK)

In the RTK (PC pools), the computer centre provides students with computers with various software (Adobe products, MATLAB), some of which are otherwise subject to a charge. The exact software equipment can be found on the intranet (RTK 2, RTK 5, RTK 6, RTK 7). For use by students outside of lectures, a request must be submitted to the UniRZ Antrag must be submitted to the UniRZ.

RTK 2, RTK 5 and RTK 6 are located in the computer centre. RTK 7 can be found on the ground floor of the EAZ.
